

# MERLIN SOLARPLEX FLEXI PANELS

Known for their flexibility, durability and light weight, Merlin's SolarPlex panels are perfect for boat decks, campervans, and motorhomes.

With industry-leading guarantees, Merlin's SolarPlex range offer exceptional performance in a lightweight and low profile solar panel.

With an EFTE top layer, Merlin SolarPlex panels have a self-healing capacity where, in the event that the panel comes into contact with branches etc, any slight abrasions are healed within a few hours. Similarly, the EFTE top layer provides an anti-slip surface, allowing the panels to be walked on with soft deck shoes, particularly useful if the panel is fitted to a boat deck.

Certified and tested to ASTM B117-ISO 9227 standards in an independent laboratory, Merlin SolarPlex panels have been tested in extreme conditions, more hostile than a solar panel will likely encounter even in the wildest oceans. This is to guarantee that Merlin SolarPlex are the perfect choice for those seeking durability and exceptional performances.

- **Self-healing top surface**  
gives the SolarPlex panels extra resilience in the toughest of conditions.
- **Completely waterproof**  
as a result of the six layer heavy duty laminate that protects the solar cell circuit from extreme conditions.
- **Expert design**  
with rounded corners and a unique curved junction box to provide superior adhesion, no snag lamination, and no sharp edges.
- **Salt water & UV tested and certified**  
to ensure long performance of the SolarPlex panels in the harshest of environments.
- **Protection from hotspots**  
as a result of the shading diodes housed within the junction box.
- **Easy to fit**  
with SolarPlex's ability to be bonded to flat or slightly curved surfaces (3cm curve per metre).

**MERLIN**

Merlin's SolarPlex Panels can be supplied in a variety of ways - from panel only to bulk packs - see what is included in each kit below:

**- Panel only**

Contents: Solar panel, 4m cable (attached), fuses and ring terminals, 4 x ring terminals, instruction sheet. (Can be upgraded to include a controller).

**- Roof / Deck Kit**

Contents: Solar panel, charge controller (not supplied with 5W models), bonding agent, 4m cable, cable feed gland, fuse and holder, 4 x ring terminals, instruction sheet.

**- Bulk Pack**

QTY of solar panels stated below.

| POWER   | CONTROLLER          | PANEL ONLY | ROOD / DECK KIT | BULK PACK | BULK PACK QTY |
|---------|---------------------|------------|-----------------|-----------|---------------|
| 5 Watt  | NO CONTROLLER       | 07-1001    | 07-1201         | 07-1101   | 5             |
| 10 Watt | NO CONTROLLER       | 07-1002    | N/A             | 07-1102   | 5             |
|         | 10A DUAL CONTROLLER | N/A        | 07-1202         | N/A       | N/A           |
| 20 Watt | NO CONTROLLER       | 07-1003    | N/A             | 07-1103   | 5             |
|         | 10A DUAL CONTROLLER | 07-1004    | 07-1203         | N/A       | N/A           |
| 60 Watt | NO CONTROLLER       | 07-1005    | N/A             | 07-1104   | 2             |
|         | 10A DUAL CONTROLLER | 07-1006    | 07-1204         | N/A       | N/A           |
